

PARTNERING TO MAKE
A DIFFERENCE IN THE
OF THOSE MOST IN NEED. *lives*

YOUR IMPACT AS A SPONSOR

MedLink Georgia is a non-profit 501 (C) (3) corporation that provides quality, patient-centered care to everyone, regardless of their financial situation, with services tailored to meet the unique needs of each community we serve. As a health care safety net, we provide cost-effective primary and preventive care—including dental, behavioral health services, substance use disorder treatment, and pharmacy services that help patients get healthy and stay healthy.

We also connect our patients to social services, such as food or housing assistance, and enabling services that help them access resources, such as transportation or language translation. These factors, combined with the ability to address multiple health needs under one roof help us to improve health outcomes for our patients and our communities.

 68,000+ Georgians rely on MedLink for their healthcare needs.

- 21% of patients are children
- 31% of patients are aged 55+
- 68% of our patients are uninsured or on Medicare/Medicaid

 We offer 340B pharmacy which offers significant savings on medications for our patients.

- \$3.6 Million in medication savings for patients in 2024

 Our School-Based Health Centers eliminate barriers to healthcare for students so they have the best opportunity for success in school.

 We work with community partners all over Northeast Georgia to improve community health, particularly among vulnerable and underserved populations resulting in easier access to care, improved health outcomes, and decreased health disparities.

“

My family was dramatically effected during the recession, including the loss of health insurance. But we never lost quality healthcare because of MedLink. Life is back to normal, but I'll never forget how MedLink was there for my family. That is why I give.

”

OPPORTUNITIES FOR CORPORATE *Sponsorship*
